CHANGE ORDER

Change Order No. 3
Project No. C180538-01
Name of Project Division III - Studg

Resolution No. Div. III
Board Order No. 46-73
Date March 23, 1976

To: John Dehner, Inc.-Spears-Dehner, Inc. (Joint Bidders)
(Contractor)

Gentlemen:

You are hereby requested to comply with the following changes from the contract plans and specifications:

The sum of \$ 93,909.10 is hereby (added to) (888888888888) the total contract price and the final contract price shall be adjusted as follows:

Original Contract Price	\$5,305,637.00
Current Contract Price Adjusted by Previous Change Order	\$5,370,369.71
New Contract Price Including This Change Order	\$5,464,278.81

The time provided for completion in the contract for this project is (unchanged) (increased) (~~decreased~~) by 120 calendar days due to this Change Order. The date for completion of all work shall be November 30, 1976. Furthermore, this document shall become an amendment to the contract and all provisions of the contract shall apply hereto.

Recommended by: Philip R. Bowler (Chief W.P.C. Engineer) Date March 22, 1976

Approved by: Howard C. Bishop (City Engineer) Date 3/12/61/76

Change Order No. _____

Resolution No. _____

Board Order No. 100

REQUEST AND JUSTIFICATION FOR CHANGE

1. Necessity for change: _____

2. Will proposed change alter size of the project? Yes _____ No _____

If yes, explain

3. Affect on operation and maintenance cost of this project:

Change Order No. 3

Resolution No. Div. III

Board Order No. 46-73

REQUEST AND JUSTIFICATION FOR CHANGE

1. Necessity for change: ITEM 5A: 48" Liner Plate

Upon a detailed field investigation of the existing railroad culvert, it was noted that: 1) It does not function efficiently due to excessive siltation; primarily attributed to its being built below existing ground elevations, and 2) the physical structural quality of the existing riveted plate culvert is questionable with respect to rehabilitating and/or relocating.

It was, therefore, decided to provide a new 48" culvert under the tracks approx. 50 feet east of the existing at the proper grade to reduce future siltation.

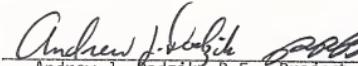

2. Will proposed change alter size of the project? Yes X No

If yes, explain

Additional work required by contractor beyond original scope of project

3. Affect on operation and maintenance cost of this project:

More adequate surface drainage of existing on and off-site areas.

Andrew J. Bodzik, P.E., Project Engineer

Change Order No. 3

Resolution No. Div. III

Board Order No. 46-73

REQUEST AND JUSTIFICATION FOR CHANGE

1. Necessity for change: ITEM 43: Supplemental Storm Drainage

As part of the overall project, considerations were made to handle both on-site and partial off-site drainage. It has been noted that there is a considerable lack of adequate storm drainage for the areas adjacent to the project site. This problem affects the public's enhancement and acceptance of the overall project objectives. Therefore, steps were taken to initiate a supplemental storm sewer system that would be readily adaptable to drainage work already completed. The public was overwhelmingly in favor of this proposal and have provided access to properties affected so that the pipe installations can be made.

2. Will proposed change alter size of the project? Yes X No

If yes, explain

Additional work required by contractor beyond original scope of project.

3. Affect on operation and maintenance cost of this project:

More adequate provisions for on and off-site surface drainage.

Andrew J. Dodzik *2028*
Andrew J. Dodzik, P.E., Project Engineer

Memorandum

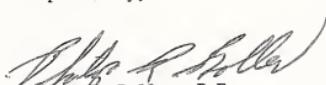

To BOARD OF PUBLIC WORKS Date MARCH 26, 1976
From PHILIP R. BOLLER
Subject W.P.C. PLANT EXPANSION, DIV. III, CHANGE ORDER #3

COPIES TO:

I am transmitting herewith for your review and approval Change Order #3 for the above captioned project.

After your execution, please return a copy to the undersigned in order that this Change Order can be submitted to the Indiana Stream Pollution Control Board for their concurrence. Upon the approval of the state, we will apply to E.P.A. also and thereby receive state and federal funding for this Change Order.

Respectfully,

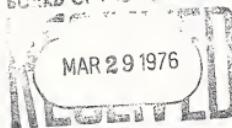

Philip R. Boller, P.E.
Chief Water Pollution Control Engineering

TITLE OF ORDINANCE Special Ordinance - Change Order of John Dehner, Inc., Spears-Dehner, Inc. - \$93,909.10
DEPARTMENT REQUESTING ORDINANCE Board of Public Works

8-7-85

SYNOPSIS OF ORDINANCE Change Order #3 of John Dehner, Inc., Spears-Dehner, Inc., Joint

Bidders, in amount of \$93,909.10 on Division III of the Water Pollution Control
Expansion Project provides for installation of new railroad culvert to replace
the existing one, which does not function properly because of excessive siltation.
The excessive siltation is believed to be caused by culvert being located below
existing ground elevations.

Possibility of relocating the existing culvert is negative since the structural
quality is questionable.

(SEE ATTACHED)

EFFECT OF PASSAGE Provide for adequate surface drainage of existing on and off-site
areas.

EFFECT OF NON-PASSAGE Failure to construct project in manner determined as
best by City and Consultant

MONEY INVOLVED (Direct Costs, Expenditures, Savings) Direct cost to City is 15%
providing change is acceptable to EPA.

ASSIGNED TO COMMITTEE CDLW/KS/8
